

"My invitation and academic visit to Bucharest University of Economic Studies (BUES) was a wonderful experience: colleagues at BUES were engaged, keen and obliging to me, offering possibilities for collaboration; students were inquisitive, polite yet critical; and administrative staff were kind and enabling. I could ask for little more of such an institution, and this took place in some architecturally beautiful buildings."

Michael A. Peters

Emeritus Professor, University of Illinois at Urbana-Champaign, USA
Professor, University of Waikato, New Zealand
